

Mohamed Musthafa

Unity Game Developer

Portfolio: mohamedmusthafa.dev

EXPERIENCE

Freelance Unity Game Developer | 2022 – Present

- Self-taught Unity developer with 4+ years of hands-on experience building games end-to-end, including gameplay systems, UI/UX, animation, sound integration, tools, and performance optimization.
- Built and shipped mobile & PC indie games using Unity, covering gameplay systems, UI/UX, AI, animation, audio, and optimization.
- Developed single-player and multiplayer features with a focus on smooth controls, strong game feel, and performance.
- Rapidly prototyped mechanics and iterated them into polished, playable experiences.
- Founder of [Dream Dog Games](#), designing, developing, and publishing original indie titles.
- Created supporting web tools and portfolio sites using HTML, CSS, JavaScript, and Firebase.
